Re: Schedule Revision - Revised Barneys Canyon Reclamation Plan, Kennecott Barneys Canyon, Barneys canyon Mine, M035/009, Salt Lake County, Utah

Dear Mr. Gottling:

The Division has received your letter requesting the extension of time to resubmit the Barneys Canyon Mine Reclamation plan. During the meeting with Rich Borden on April 3, he explained the additional items that will be included in the revised plan. The time required to make these changes and submit the data was the factor that was stated by Mr. Borden.

As was stated in the meeting with Mr. Borden, the Division appreciates the work involved to make the changes in the plan and, hereby, approves the requested time extension to May 31, 2000.

The Division appreciates your effort to keep us informed as to the status of review items. If you have any questions or comments, you can contact me at 538-5382.

Sincerely,

A handwritten signature in cursive script that reads "Doug Jensen".
